People's Mass State Convention.

AT MADISON, THURSDAY, JULY 13.

☞ ALL MEN opposed to the Repeal of the Missouri Compromise, the Extension of Slavery, and the Rule of Slave Power, are invited to meet at *Madison, Thursday, July 13*, to take such measures as may be deemed necessary to prevent the future encroachments of the Slave Power, to repeal all Compromises in favor of Slavery, and to establish the principle of Freedom as the rule of the State and National Governments. The time has come for the union of all Free Men for the sake of Freedom. There is but one alternative. We must unite and be *free*, or *divide* and be *enslaved* by the pretorian bands of the Slaveholders and their Nebraska allies. MANY CITIZENS.

June 9th, 1854.

☞ Papers throughout the State, friendly to the object of the above Call, please copy.

The Mass Convention at Madison.

A large number of the presses in this State have published and warmly endorsed the call for a Mass Convention at Madison on the 13th of next month, to organize for the restoration of the barrier against the encroachments of Slavery, broken down by the Nebraska bill. We copy a number of articles to-day, from different papers, in earnest advocacy of the measure. As it is greatly to be desired that all parts of the State be represented at this Freemen's Gathering, and as it cannot be expected that the attendance will be large, except from the immediate vicinity of the Capital, it has been suggested that County or District Conventions be generally held to appoint Delegates to the Convention. We think the suggestion a good one, and hope to see it carried out. The delegation from each County or neighborhood can be made to include all who wish, or will promise to attend, while by the means proposed we can secure a representation even from the remoter Counties of the State. As no time is to be lost, we call upon our brethren of the press, in different localities, to designate time and place for the meeting of the County Conventions, and to urge the general attendance of all who love Freedom and are ready to enlist in the war against Slavery. For our own County, we take leave to propose Young's Hall, in this city, and Saturday, the 9th of July, at 2 P. M. as the place and time for the gathering. Shall it be so?

Editorial Correspondence.

SHEBOYGAN, June 15, '54.

Having more time upon my hands than I expected to have, and more, indeed, than I am pleased to have, it cannot be used in a more profitable manner than in making a few "notes by the way." Leaving Milwaukee in the good steamer *Arctic*, Capt. Butlin, we enjoyed the run to this place very much, the lake being very quiet, and the wooded banks standing out boldly with their masses of "living green." All the way North, the horizon was dotted with the white sails of vessels, a good number of them, as we thought, making for Milwaukee with what speed they could. Certainly I hope so, in order that our warehouses may dispose of the accumulation of produce.

We had at supper a long table full of passengers for Sheboygan, nearly 150 of whom, I think, were on board. Port Washington—which name the town insists upon retaining, in spite of the efforts to christen it Ozaukee—seems to have improved very much since I last saw it, though I am informed that the number of inhabitants does not increase very rapidly.

It was not yet quite dark, though about 8½ o'clock P. M., when we made the Sheboygan light, and were soon at the pier, meeting there a crowd of passengers coming down to go South. The *Arctic* stays at Sheboygan only long enough to discharge and receive her cargo, animate and inanimate, and then goes back to Port Ulon, where she takes on wood for the round trip, and from thence to Milwaukee.

According to previous recommendation, I steered for the "Warren Hotel," one among the numerous not very handsome buildings upon "Pennsylvania Avenue." I was told beforehand, by a friend at Milwaukee, that this house would be found well kept as to most of the requisites of a good house, the rooms and beds clean and well aired, the table well provided and attended, and a general air of neatness pervading all things. All this is true, to the letter. I was told, too, that I should find a good-looking landlord, whose especial care seems to be to keep his house in order, and never smile; to receive his guests, and never laugh; to answer questions in the coriest manner possible, and with the least expenditure of civility. All this, too, is true to the letter.

Several old acquaintances of ours, whom I hoped to find here are absent, but I was fortunate in meeting Mr. Hubbard, formerly of the Telegraph Office in Milwaukee, but now buying wheat here—and very handsome wheat it is—for the Suffolk Mills. He has some 60,000 bushels now in store, awaiting shipment. To him I am indebted for guidance about this city—for an ambitious little city it is. I do not find a great many new buildings here since two years ago, although quite a number are completed and in use which were then but just commenced. The stores seem to be all occupied and many of them to be doing a large business. Calling upon two or three of the editors, I was pleased to learn that they are doing well.

Sheboygan is very favorably situated, for the transaction of the large business which it must ultimately do, when once it has a railroad from the interior, and the fine plateau, in the north part of the city site, is admirably suited for residences, while the beautiful park, shaded with a dense growth of evergreens in their natural place, adds a charm to that part of the town. Walking down to the pier, I found its proprietor, my old friend J. F. KIRKLAND, up to his ears in business. His being the only pier, and the amount of goods landed here for the interior, to be forwarded by the plankroad to Fond du Lac, being large, it is evident that the hands and time of one man must be well tasked to get through with the work.—But with all this, he finds a way to take hold in earnest of the projected railroad hence to Fond du Lac, and that with an efficiency which must accomplish something. This railroad *will pay*, from the start, and it will be soon started, if some of the rich, and I fear selfish and narrow-minded citizens of Sheboygan would but do their duty by it.

If some enterprizing saloon keeper could be induced to remove hither, it would be very desirable, as from what I learn and see, there cannot now be over 40 or 50 such establishments in the place, which is a very sad condition of things you see!

An afternoon ride to Sheboygan Falls, 5 miles from here, showed a fine thriving town, with a better average of buildings than Sheboygan, and a good water power, already improved by two grist mills, two saw mills, and a number of factories.

Passengers by the boats are kept here all night, and taken forward to Fond du Lac next day.—Two stage loads went this morning—one of them containing 9 women and one unfortunate man, the other coach being filled more equally. I did not avail myself of the opportunity, as I desired to see something of this place. But to-morrow morning I propose to take the plank for Fond du Lac, unless I can find an extra going through to-night.

On the way to and from the Falls to-day, we found rye in the fields all headed out, and standing 5 or 6 feet high;

The Atchison "Know-Nothing" Amendment.

Under the imposing head of "another Nebraska accession," the *Morning News* of yesterday chronicles and triumphs in the fact that the Sauk Co *Standard*, edited by a political "soldier of fortune," has given in its adhesion to the new standard of "Democratic" orthodoxy, the slavery-extending Nebraska bill. Considering what the *Standard* has recently said about our neighbor of the *News*, we marvel that the latter should be in such a desperate hurry to claim fellow-ship. But "misery loves company," and the time serving and truckling advocates of the Nebraska iniquity in this State have a natural and undisputed right to make themselves miserable together.

The *Standard* proves its fitness for the work in hand by signalizing its "accession" to the Pro-Slavery ranks with a gross and deliberate misrepresentation in regard to the Nebraska Bill.—We copy, in order to brand, this scandalous fabrication.

We are rejoiced that the Clayton amendment is stricken out. It is anti-democratic and was incorporated in the bill *by the votes of the whigs and abolitionists*. No surer evidences could be put on record, of the hostility of the whigs to our citizens of foreign birth *than their vote upon the Nebraska Bill*, and yet such papers as the Sentinel and Journal are mean enough to attempt to create opposition to this bill on account of a feature given it *by their own party friends*.

This so-called "Clayton amendment" was the handi-work of Mr. ATCHISON, the "Democratic" President of the Senate. It was "incorporated in the bill" by the following vote, which we invite our readers and the Sauk Co. *Standard* to mark:

Yeas.—Messrs. Atchison, *Badger, Bell, Benjamin*, Brodhead, Brown, Clay, *Clayton, Dawson, Dixon*, Evans, Fitzpatrick, Houston, Hunter, Johnson, *Jones* of Tenn., Mason, *Morton, Pratt*, Sebastian, Slidell, 23.

15 Democrats, 9 Whigs (all Southern.)

Nays.—Messrs *Chase*, Dodge of Wisconsin, Dodge of Iowa, Douglas, *Fessenden, Fish, Foote*, Gwin, Hamlin, Jones of Iowa, Norris, Pettit, *Seward*, Shields, *Smith*, Stuart, *Sumner*, Toucey, *Wade*, Walker, Williams, 21.

13 Democrats, 8 "whigs and abolitionists."

Now let the reader compare the above vote with the assertion of the *Standard*—an assertion which the *News* copies and tacitly endorses.

It will be seen that *every* Northern Whig and *every* "Abolitionist" present voted *against* this Atchison amendment to exclude our citizens of foreign birth from the New Territories. It will be seen, further, that the division on the amendment was *sectional*, not political; the Yeas being all Southern Senators, with the single exception of BRODHEAD of Pennsylvania; and the Nays all Northern. Lastly, it will be noticed that this amendment was adopted *by the votes of the friends of the bill*, no less than *twenty* of the twenty-three Yeas having been given by Senators who voted finally for the bill. Is it necessary to add another word to show the character and design of the wilful and palpable falsehood which we have convicted the Sauk Co. *Standard* of uttering and the Morning *News* of endorsing? Of such, are the advocates of Nebraska!

Slavery in Kansas.

The passage of the Nebraska-bill, with the proviso repealing the Missouri restriction against the spread of, Slavery, north of 36-30, opens these new Territories to the slave-owners and their property. Kansas is well adapted, by soil and climate, to Slave labor, and those who live by that sort of labor, are making ample preparations to seize upon and settle this fine region. A correspondent of the Albany *Atlas*, a democratic paper, thus speaks from his own knowledge and observation as to these points:

"Kansas is the most preferable, having the superior natural advantages as to soil, timber, coal, and stone, and of a warm genial temperature, similar to Virginia in climate. It is well adapted to slave labor in this respect, and all others, and it is the intention of Missouri in particular, if not of the South generally, to introduce, and establish generally their 'peculiar institution' there.—This is a candid declaration, founded on what my eyes have seen and ears have heard, while in that State this Spring. There is great danger of its becoming a slave territory. It already exists among the Indians there to a great extent—some of them the owners of thirty or forty, who use them in the cultivation of their farms."

On the 3rd of this month a meeting was held at Westport, Missouri, to effect an organization among the Slave holding citizens of that State, for the immediate occupation of the best portions of Kansas. The Independence *Despatch* commends the movement, and thinks it will secure that territory to SLAVERY. It urges prompt action in the premises, for, it says, "already we have seen organizations formed and chartered by law in the Northern States, having in view to monopolize all the good lands of the territory, by colonizing them with *Eastern and Foreign Paupers*."

The *Despatch* closes its article with these remarks, which we commend to the notice of those Doughface prints in this State which pretend that Slavery cannot go to Kansas:

"Let us in Missouri, who have been looking to this inviting region for our homes to be on the alert; lose no time in waiting for the foreign deluge to invade and occupy before us, the finer land of KANSAS, to which, the frontiersmen of Missouri have as good a right as any people in the world. It is well known that the organizations in the east, have for their object, to take possession of this Territory exclusively, and prevent the citizens of Missouri and other slave States from taking in, and enjoying their slave property, thus seeking to hem us in with another free State upon our border, as a harbor for runaway negroes, and where, as soon as they get it, a new branch of the underground Railroad will be put under contract. People of Missouri, if you would insure your institutions and, the safety of your property, be on the alert—attend the Westport meeting, and follow it up with decisive action.—We have the advantage of being contiguous to the fine lands of KANSAS; let us not stop while others come and occupy them."

The "Know Nothing News."

"If Irishmen and Germans listening to such mischievous counsels as those of the News, band together at our elections, Americans will do the same."—*Sentinel*.

Americans *have* done and *are doing* just what the Sentinel here pretends to deprecate. And there's just the difficulty. The only question is, shall our adopted citizens stand quietly by, and see these Native American organizations band together and carry our elections, with the avowed view of cutting the throats of foreigners. The Sentinel thinks they ought to do so, and should actually encourage them by continuing their connection with the Anti Nebraska Know Nothing organization. We think they ought not.—*Morning News*.

Of course, the *News* thinks 'they ought not"—It is anxious to keep up this clannish organization; to band together our Native and Naturalized Citizens and to array them in hostility to each other, all for the good of "the party." The *Sentinel*, on the, contrary deprecates any such division or distinction between these two classes of citizens. The *News* is taking just the course and giving precisely the counsel which might be expected of a "Know-nothing" organ, anxious to foster a Native American organization and to increase and perpetuate the feud between native and foreign born citizens. We trust to the good sense of our German and Irish fellow-citizens to reject its mischievous advice.

Southern Wisconsin Railroad.

The Common Council, in compliance with the request of the Milwaukee and Mississippi R. R. Company, have passed an ordinance to submit to the electors of our city the question of issuing $300,000 of City Bonds, in aid of the Southern Wisconsin Railroad. The 6th day of July is fixed upon to take the sense of our People on this question. We hope they will decide the matter *affirmatively* and by so emphatic a vote as to show that their hearts are in the good work.

DEFEATED.—NOBLE BUTLER, the surviving brother of the murdered Prof. BUTLER, publishes a letter, in which he says that the expenses of the MATT. WARD trials, which weighed heavily and disastrously upon him, have been defrayed by his Kentucky friends.

THE ILLINOIS CANAL BREAK.—The Chicago Democratic *Press* of yesterday confirms the report of a second break in the Illinois Canal, and adds that several days must elapse before it can be repaired.

For the Daily Sentinel.

Stock for Wisconsin.

☞ The steamer *Arctic*, Captain BUTLIN, arrived from Chicago on Saturday afternoon with 327 passengers and a large load of freight, among the latter were fifteen horses, one of them from Long Island and a fast one, the winner of stakes there.—*Sentinel* of Monday.

Messrs. Editors:

The horse mentioned above as being from Long Island, was purchased there by me to improve the stock of our Wisconsin horses. He is a colt 3 years old 25th July, Dapple Grey & a thorough bred Messenger; his sire, the trotting horse State of Maine, who is half brother to Mack; the dam, as well as himself, were raised by Mr. WILLETTS, of Flushing, Long Island. She is half sister to Lady Suffolk, and Suffolk Queen, sired by Engineer. Of this same stock and nearly related you see are the best *trotting, road, and business horses in America*. Believing that "blood will tell,"

I am Very Truly Yours &c.,
GEO. O. TIFFANY.

MILWAUKEE, JUNE 15th.

Union of Cities.

Cleveland and Ohio City, heretofore twain, are now one municipality, boasting a population of some 50,000 enterprising, intelligent and prosperous people; occupying a lovely site, and enjoying the advantages of an excellent local press. In announcing the new order of things, the Cleveland *Plain Dealer* takes a look at the past, and does but simple justice, in the subjoined paragraph, to the influence of well-conducted newspapers in building up a new city. Its remarks are as applicable to MILWAUKEE as to CLEVELAND:

No city in the whole Union off the sea coast has a fairer start, or can boast a greater combination of the elements of greatness than Cleveland. Nature, Art and the Newspapers have created for it a reputation second to none in America; and when we say "Newspapers" we modestly mean the *Herald* and *Plain Dealer*, the oldest established journals here, and which have stood by this corporation in all weathers, through evil and good report, in darker as in brighter days. The value of an ardent, faithful and vigilant local press to the interests of a city like this, cannot be appreciated, because it cannot be estimated. How little do people abroad know of our inducements to trade or to reside here except through the papers. How little even do our own citizens know of the city in which they live except by their own city papers. Yet how few stop to think of this every day service of the editor, and how few think to thank the publisher for what he ensures so directly to the benefit of all. Every citizen has an interest and should have a care in every well-established and well-regulated city paper, whatever may be its party or peculiar opinions on political subjects. If the publisher is true to the interests of the city, and his services in its behalf are really valuable, it would not only be the part of duty, but of wisdom, to be true to him. There are, however, those in this city, as in all others, who are willing Railroads, Seminaries and Asylums should be built, Newspapers supported, or anything else done which goes to enhance the value of their property, provided somebody else run all the risks and stand all the expense. They will find reasons "plenty as blackberries" why they "dare not" take stock in a projected Railroad, nor *cannot* forego the expense of a shilling a-week newspaper. What is more unfortunate, this class of people never die, or rather we might say they are most provokingly tenacious of life. But the mass of our citizens are not thus disposed. They are free, liberal, live and let live patronizers of all and everything worthy of their means.

☞ The *Wisconsin*, partly to gratify its amiable feelings towards the *Sentinel*, and partly to indulge in a "fling" at Judge SMITH, copies the following silly and stupid falsehood from an anonymous communication in the last Janesville *Standard*:

A. D. Smith, during the contest on the first constitutional convention, when he was beaten by Rufus King, the editor of the *Sentinel*, and again during the canvass when he was beaten by Levi Hubbell for the Circuit Judgeship, was daily blackguarded by the same *Sentinel* in about every conceivable way."

Neither "A. D. Smith" nor "Rufus King" was a candidate for "the first Constitutional Convention." They were opposing candidates for the second Convention, and during that canvass, so far from Mr. SMITH being "daily blackguarded by the *Sentinel* in every conceivable way," his name was never once mentioned in its columns! In the Judicial election referred to, the *Sentinel* supported FRANK RANDALL, in preference to both Judge SMITH and Judge HUBBELL, but without "blackguarding either." What "weak invention" will these Doughface organs try next, to "feed fat" their grudge against Judge SMITH for deciding the Fugitive Slave Law unconstitutional, and against the *Sentinel* for applauding that decision?

The Sheboygan *Journal* reminds us of the fact that the Sauk Co. *Standard* is a supporter of the Nebraska law. This accession increases the list of democratic papers that support this democratic issue to *seventeen*. Was there ever a measure that so rapidly won over proselytes as this.—From having but one supporter in the State, a couple of months since, the Morning *News*, as stated by the Milwaukee *Sentinel*, then can now the formidable number of seventeen, vigorously inculcating the true doctrine in every issue.—*Morning News.*

Allowing the count and boast of the *News* to be correct, that paper, instead of standing "solitary and alone" in support of the Nebraska Iniquity, has now sixteen "Democratic" associates to back it up. The *News*, however, is rather satirical in claiming that the measure itself "won over" these "proselytes." We have no doubt that they are all, at heart, as much opposed to the bill as ever; but have "gone about" and are now standing on the Nebraska tack, in obedience to the signal from the democratic flag-ship at Washington. We wait to see how large a proportion of the party they can carry with them.

TELEGRAPH CONSOLIDATION.—The Rochester *Union* understands that an extensive and highly important consolidation of telegraph lines has recently been effected, by which all the lines now in use and all the patents pertaining to telegraphing, in the States of Ohio, Indiana, Illinois, Wisconsin, Michigan, Iowa, and the Territory of Minnesota, come under the control of one corporation known as the "New York and Mississippi Valley Printing Telegraph Company." Says the *Union:*

"This Company take possession of the Speed and Lake Erie Lines, extending from Buffalo to Detroit and from Cleveland to Pittsburg, also what are known as the Wade Lines in the western States. The company had previously the House Printing Line extending from New York to Buffalo, and from Buffalo to Cleveland, Columbus, Cincinnati, Lexington, Frankford and Louisville. Their recent purchase gives them connection with St. Louis, and a line is forthwith to be constructed along the railroad from Cleveland to Chicago.

"HONOR TO WHOM HONOR."—A correspondent of the Madison *Democrat*, writing from New York glorifies Senator DOUGLAS, for his share in the Nebraska iniquity, and even claims for him all the "honor" of the measure. We do not believe that there will be many desirous of contesting this claim. The writer says:

The honor of the measure is alone due to Mr. Douglas, although it has been stated that this was an administration measure, I can assure you "upon authority" that Mr Douglas has never had a conversation with the President on the subject, not having been at the white house but once this session.

☞ The proprietor of the Madison *Democrat*, announces that he intends shortly to enlarge the Daily to a six-column paper, and to present both daily and weekly in a new and neat dress. Mr. E. A. CALKINS, who has edited the *Democrat* during Mr. BROWN's absence at the East, is to be permanently connected with the paper.

STEAMSHIP CITY OF GLASGOW.—The Portland papers of last Friday contain the arrival of the brig Saginaw, from Trinidad, whence she sailed on the 13th ult. The Saginaw reports as follows: 'On the 6th inst., lat. 37°, lon. 70°, A. M., discovered at considerable distance to leeward, what appeared to be a steamship; at 5 P. M. she was again seen; she looked like one of the Liverpool steamers and appeared to be abandoned; they bore down for her, but the wind soon died away, and the fog shut down thick, when they lost sight of her; she was not to be seen the next morning. Captain P. thinks it was the City of Glasgow, but was not of course, positive.

It is now, one hundred and eight days since the City of *Glasgow*, with her 450 passengers and crew, left Liverpool, and there is hardly a doubt that the vessel and all on board are entombed in the ocean.

For the Daily Sentinel.

A DREAM.

I dreamed that thro' the air,
Half swooning to another land I came;
A world unknown it was, without a name;
It held nor joy, nor care,

Like a calm ocean floor,
Which the wind stirs not, nor the trembling star
Ere drops its silver light, there stretched afar
A plain without a shore.

And on the plain was spread,
White, cold and motionless; without complaint,
Or sigh, or look of woe, or murmur faint—
The unbaptized dead.

No day, no night had they;
Twilight, without its hope of sun, or moon—
And the vague mist from some unseen lagoon,
Hung over them for aye.

Tho' life was there in part,
Silence for ever, like a frozen bird,
Spread her congealed wings, and never heard
The beating of a heart.

And one I knew was there;
For tho' the lids I saw her eyes below,
Like violets covered with untimely snow—
I know her golden hair.

Oh! pale and voiceless dove!
Her mother's tears lay on her cheek, alas!
And on her brow, like breath upon a glass—
The last, last sigh of love!

I could not weep, nor pray—
My tongue refused to speak her sainted name—
When lifted upwards like a struggling flame
I reached, and bless'd, the day.

PORTE CRAYON.

How the German Press is coming to the Support of the Nebraska Bill.

The *Argus* mentioned a few days ago that all the democratic portion of the German press of this State were yielding their adherence to the Nebraska bill. We translate one or two specimens of their mode of supporting it, for the benefit of our readers.

The *Phœnix Aud Nordwesten*, published at Sheboygan, has an article in which, after enumerating some of the contradictions that are found in our civilization—how slavery and christianity exist together, how the puritan who turns up his eyes at some pecandillo exults in accomplishing some shrewdly-executed speculation, and how we glory in a school fund that is chiefly wasted without improving our schools, says:

"What is not possible in America? It is the very home of contradictions, and balancing feats. Barnum is everywhere in Washington—in Douglas and in Pierce, in Ingersoll and Walker, in Allen and Walsh. The Nebraska bill has passed. It is now proof against shot, and thrust, and ball. At the eleventh hour of the night occurred the great moment in World-History. On the 22nd of May, on the self-same day upon which, three hundred years ago, the bloody Philip of Spain was born, this bloody and inhuman bill crawled, in the black midnight, from the Richardsonian month and from the House. The next day the House adjourned until the 5th of June, that the walls might be whitewashed, so black had they been made by this slavery bill. The printers had immediately to issue 50,000 copies of the Bulletin of victory, that a still deeper blackness might attach to the Black-bill, to the nightly darkness, and the sooty walls. "—*Parnell Pierce! Farewell ye Northern Democrats! See you not in the background the laurel-wreathed bust of Seward?*

"Such tyrannical acts as Austria, Prussia and France have experienced seem about to become the order of the day here in the *despotic* Republic. A second of December seems to be dawning upon us, *and the President Louis of the occasion is named Frank!*

"'Theoretically, slavery is admitted into Nebraska and cannot be legislated out,' says the crafty South. And 43 Northern 'Democrats'—from the free States—aided in accomplishing this political stratagem. But not one Whig from a free State has thrown himself away. From the slave States only 13 Whigs voted for it, while 53 Democrats from the slave States gave it their vote. Old Benton voted against the bill."

The following is from the Manitowoc *Democrat*.

"The Nebraska bill has passed the Senate even without the Clayton amendment, and needs but the Presidents' signature, which it has probably received by this time, to become a law.

"The lowest artifices were not spared on the part of the Administration, and of Northern and Southern slave holders, to carry through the bill. By means of bribery and threats, a majority of the members were induced to vote for it, or at least to absent themselves and not vote against it—and saleable individuals whose principles are based upon some fat office are quite too numerous in Congress.

"The intelligence of the passage of this bill came to us not unexpectedly; for the history of the United States teaches us that freedom is continually dislodged by slavery, that almost every Congress makes new concessions to the slave holders, and that yearly their dominion is broadened. Who, then, could expect anything from the venal knaves, of whom so great a portion of our law-giving body is composed, except that they should follow in the footsteps of their illustrious predecessors.

"Each honest citizen of the country will pass sentence upon this act, and no further commentary is needed.

We, for our part, are not among those who quietly submit to events on the principle that whatever is, is right—still less to have chains forged for ourselves and other men while freedom of speech and a free press are tolerated.

"We hope that this victory of the slave power will arouse the people from the listlessness in which they have been sunken. We hope that they will show themselves to be really citizens of a free republic, a people that have attained their majority, and are not obliged to place themselves under the guardianship of paid party-leaders. We hope that they will break loose from the fetters of party, and that all free men will struggle on the side of Freedom and against Slavery."

These papers are published where the proportion of Germans to the remaining inhabitants is greater than in any other part of the State except Washington and Ozaukee counties. They are taking a noble and independent course, and doing honor to the German character by their manly utterances for freedom. They came to the New World to find a land of freedom, and they do not wish to see it degenerate into a worse than Russian Despotism.

The sentiments expressed by the *Democrat* are favorable to a movement like the proposed July convention; and we hope to see its talented editor as well as the editor of the *Phœnix*, here on that occasion.—*Madison Journal.*

Repeal Convention.

We publish, to-day, a call for a Mass Convention of all opponents of the infamous Nebraska swindle, to be held at Madison, on the 13th of July next. This being the anniversary of the passage of the ordinance of 1787, it seems a fitting occasion for the freemen of the North, and particularly of the North-west, to resolve upon some plan for resisting the encroachments of the Slave power, and securing for the territories yet to be organized and peopled, the blessings of the same free institutions under which all Northern States have so unanimously prospered. The South, aided by Northern dough-faces, is making giant strides towards the withering blight of that accursed institution, slavery into all the vast domain of the U. S. Territory lying in Southern latitude. To successfully enable them to do this, the Nation's plighted faith must be trampled under foot, and Northern rights long since compromised and settled, are now repudiated, outraged, spit upon with impunity, and then the intelligence of the North, insulted by holding out the delusive, bumbug charm "it is all right and necessary, in order to establish a great Democratic, progressive principle."

In regard to the relation of the North to the South, forbearance has long since ceased to be a virtue. The more we compromise, the more we may. The more we do so the less are our rights, and correct principles regarded, and we believe the time has come when a new bill of rights for the North, were made out, and a firm stand taken by all lovers of freedom, to resolve to lay aside that party discipline which compels correct principles to be sacrificed, and take a firm stand for freedom, for ourselves and posterity. Then we say, let there be a grand rally at the State Capitol, on the 13th of July.—*Fond du Lac Herald.*

VERY GOOD.—The Common Council has appropriated fifteen hundred dollars, to the fire department of the city. This is not at all too much to begin with. Good engines and a good fire department are of great value; poor engines and a poor fire department are great nuisances.

The Council has also made this paper, the city paper, and the sum of one cent is to be paid for the publication of all the ordinances, and resolutions. This cannot be called a very extraordinary price, nor do we think it will ruin the paper.—*Janesville Standard.*

The past week has been an alternation of dreary and delightful weather. The later style is now in vogue and Beloit is charming to the eye and fragrant with aromatic incense. An immense tide of travel has been pouring into and through the place during the past week. Our four hotels have been wholly unable to meet the demands made upon them. Among late arrivals we notice that of B. SILLIMAN the venerable ex-professor in Yale College, who made a short visit here.—*Beloit Journal.*

By what authority, pray tell?—*Fond du Lac Herald.*

Of Barstow and the balance to be sure. We should like to know if there is any other *authority* in this State.—*Monroe Sentinel.*

NEW GOODS.—MACK, OETTINGER & Co., two or three doors north of Spring Street, on the west side of the River, are in receipt of a large amount of new Spring and Summer Goods, to which they invite the attention of the shopping public.

LOTS IN PORTAGE CITY.—In our advertising columns will be found a notice from the proprietors of the best part of Portage City, offering for sale on reasonable terms, choice lots in that growing and busy town. In a year or so it will be connected by railroad with Milwaukee and its real estate will double or treble in value. Those who buy now will make a handsome thing of it.

MAMMOTH PIE PLANT.—We are indebted to Mr. C. JAMES, of Waukesha, for some superb stalks of his mammoth Pie Plant. They are vegetable wonders.

DWELLING HOUSE BURNED.—A dwelling house, owned and occupied by a man named MICHAEL DELEHANTY, was consumed by fire between 2 and 3 o'clock yesterday morning. The house was situated on Reed, between Oregon and Florida streets, in the 5th ward. The owner is an engineer in the Menomonee foundry, and had just purchased the dwelling. There was no insurance upon it and most of the furniture was destroyed. There is a strong suspicion that the house was fired by an incendiary, from the fact that a man had threatened either to kill the owner of it, or burn it up. The owner of the house is much respected and his loss falls heavily upon him.

Rules of the Board of Health.

RULE 1.

The Mayor and Aldermen of the several Wards in the city of Milwaukee, hereby organize themselves as a Board of Health, in and for said city; and the following rules and regulations are adopted, for the government of said Board, and for the persons appointed to assist them in the discharge of their duties.

3d.—The 2d, 3d, 4th, and 5th rules of the Common Council, relating to its government, and the 8th, 9th, 10th, 11th, 12th, 13th, & 14th rules of the same body, relative to proceedings, are hereby adopted as the rules of government and proceedings of this Board.

4th.—The Clerk of the Common Council shall be the Clerk of this Board. He shall keep a record of the proceedings, and shall deliver to the City Marshal true and attested copies of all orders, and notices, necessary to be served, to carry out the laws and regulations, made for the preservation of the health of the city.

5th.— ——— ——— is hereby appointed City Physician, to hold his appointment during the pleasure of this Board.

6th—It is hereby made the duty of the City Physician, to examine any building, steamboat, Propeller, vessel, or lot within the city limits, whenever he may deem necessary, for the preservation of the health of the inhabitants of the city, and if he shall find therein or thereon, any person infected with a contagious disease, or any putrid matter filth or nuisance, which does or may endanger the public health, he shall immediately report the same to the Mayor, in order that the necessary measures may be taken, and notice given for the removal of such person, or the abatement of such nuisance.

7th.—Every person, being the owner or occupant of any lot, place or parcel of land, or of any dwelling house or other building within the limits of the city of Milwaukee, who shall permit any nuisance, source of filth, or cause of sickness, to be found thereon after twenty-four hours notice from this Board, to abate or remove the same, shall forfeit a sum not exceeding fifty dollars; and shall pay all expenses which may be incurred by the Board of Health, in the removal of such filth, nuisance, or source of sickness.

8th.—Whenever it shall come to the knowledge of any head of a family, or person of adult age, that any person or persons from abroad, or residing in this city, is or are infected with small pox, or other disease, which is deemed contagious, and dangerous to the public health, it shall be the duty of such person to report the same forthwith to the Mayor, City Physician, City Marshal, or some member of this Board, in order that such persons may be removed to a place of safety, if it can be done without endangering life.

9th.—Any person who shall violate the last preceding rule, may be fined in any sum not exceeding one hundred dollars, or imprisoned in the jail of Milwaukee county for any term not exceeding three months, at the discretion of the court having jurisdiction of the complaint.

10th.—Each and every person appointed to aid and assist this Board in the execution of its powers and duties, shall receive such compensation for their services as the Board may deem just, and an acceptance of office shall be taken and deemed an acquiescence on the part of such person, with this rule.

11th.—The members of this Board, in each Ward in the city, are hereby constituted committees in their several wards, for the purpose of inquiring into all matters connected with the public health in such wards, and such committees shall, from time to time, make reports to the Board of health, of all cases of contagious disease, nuisances, requiring abatement or removal, or any other matter relating to the health of the city, which is properly within their jurisdiction.

Mr. Jenkins offered the following additional regulations, which were adopted:

ORDERS AND REGULATIONS FOR THE PUBLIC HEALTH.

Pursuant to the provisions of Chapter 26 of the Revised Statutes of Wisconsin, the Board of Health of the city of Milwaukee do hereby order and regulate as follows:

1st. Each and every owner and occupant of any dwelling-house, store, shop, tenement, or building of any kind or description, or of any lot or part of a lot, situated in the city of Milwaukee, and fronting on any street or streets, or abutting on any alley in said city, shall, on Friday morning of each week, clean the side-walks, and the alley, to the centre thereof, and also half the width of the street or streets in front of such lot or part of a lot, by scraping, shoveling, and sweeping all the rubbish, chips, and filth of every kind, into compact heaps, in the middle of such street or streets, or alley, to be removed to such place as the Street Commissioners of the several wards may direct.

2nd. In case the owner or occupant of any lot or part of a lot or building of any kind, within the limits of the city of Milwaukee, shall fail or neglect to comply with the foregoing order and regulation, the same shall be deemed guilty of a misdemeanor, and punished by a fine not exceeding one hundred dollars, or by imprisonment in the county jail not exceeding three months, as provided in section 3, of chapter 26 of the Revised Statutes, and will be promptly proceeded against according to law.

POLICE COURT, JUNE 16th.

BEFORE CLINTON WALWORTH, ESQ., POLICE JUSTICE.

The case of the State vs. James Perry for assault and battery upon Thomas Stiben on the 15th. This was the case growing out of the fight at Kellogg and Strongs pier. The evidence showed that a challenge had passed from the complaining witness, and was more like a mutual fight than a case of assault and battery. When the evidence was through the court remarked, that if the complaint was for an affray he should on the evidence have found both the parties guilty and fined them. It was difficult to tell which was most to blame. After cautioning the complainant and defendant both, he discharged the latter.

—A warrant was issued against Thomas and Mary Costello, on complaint of Charles Johnson for assault and battery upon complainant on the 15th.

DISTINGUISHED ARRIVALS.—Among the passengers by the *Arctic*, from Chicago, yesterday afternoon, were Ex-President FILLMORE, on his way to SAULT STE. MARIE; Gov. BARSTOW, on his return to Madison and Ex Comptroller JOHN C. WRIGHT, of New York.

Mr. FILLMORE is at the U. S. Hotel, where a number of our citizens called upon him last evening, to pay their respects. He leaves here today on the steamer *Troy* for Sault St. Marie.

☞ The steamers *Arctic* and *Pacific* arrived from Chicago yesterday afternoon, with a large number of passengers, and loaded with freight. The *Pacific* was a few minutes ahead of the *Arctic*, and was greeted with three cheers by the people on the pier.

FOR BUFFALO.—The propeller *Niagara* will leave for Buffalo this morning at 8 o'clock. For passage apply to Hard & Griffin, opposite the Milwaukee House.

NUISANCES—COSTLY INTERMENTS.—Among the bills presented to the Council on Thursday night, were the following: Burying 2 hogs, $1,50; do. $1,50; do. 4 hogs and 2 dogs, $4,50; do. 4 hogs and 2 dogs, $4,50; do. 4 nuisances, $3,00: and lastly, to burying *seven small pigs*, $3,50; total $18,50—all from one ward.

BOARD OF HEALTH REGULATIONS.—These will be found in our paper this morning. Let every good citizen give heed to their requirements, and let the authorities enforce them rigidly and impartially.

ARREST.—Thomas Costello and Mary Costello were arrested yesterday Monday and taken to jail by officer Beck, for assaulting Charles Johnson, who claims that the woman put a loaded pistol to his head and threatened to shoot him.

AN INDEPENDENT GERMAN PRESS.—One of the practical things which should engage the attention of the Madison Convention, is the establish

VOLUME X. MILWAUKEE DAILY SENTINEL. NEW SERIES.

The Voice of Vermont.

The Whigs of Vermont, at their recent State Convention, adopted the following emphatic resolutions. They leave no doubt as to where the Green Mountain Boys stand in the great contest now in progress between Slavery and Freedom:

1. *Resolved*, That while we retain our attachment for the general principles and policy which have hitherto distinguished us, we recognize the issue presented by the repeal of the 8th section of the Missouri Compromise, as matters of surpassing importance, which demand instant and earnest attention of ... lover of freedom.

2. *Resolved*, That the virtual repeal of the Missouri Compromise demands and receives our utter condemnation, as palpable perfidy to a solemn pledge of freedom, designed to be sacred and inexpiable—a pledge made by the government to the people, and by the South to the North, the violation of which forfeits the claim of the South to the faith of the North in their power of fidelity, and impairs the confidence of the people in the stability of the Compromise, of all laws, and of the Constitution and Union itself.

3. *Resolved*; That regarding this act as a violation of the plighted faith of the Government, that government must be reformed, and we pledge ourselves to the work of reform; regarding it as a measure of the National Administration, enforced by the power and patronage of the President, in violation alike of his pledge and his duty, the administration must be changed, and executive power be rebuked and restrained; regarding it as a repeal and annulment by the South of the Compromise of 1850, and Baltimore platform of 1852, so far as they relate to slavery, "the act for the recovery of fugitive slave labor" included

we pledge ourselves for the repeal of that act, and to resist the admission of Utah and New Mexico as states without constitutions excluding slavery; and finally, regarding it as a violation of the plighted faith of the south, for the purpose of extending slavery against our will, our conscience and our right, we hereby pledge ourselves to the defence of freedom, by the restriction of slavery to the states in which it exists—by the exclusion of slavery at the earliest practical moment—and by all constitutional means, from all Federal territory, Nebraska, Kansas, and the District of Columbia, inclusive—by opposing the admission to the Union of any new State tolerating slavery, whether it be formed from territory belonging to Texas, or elsewhere—and by resisting the acquirement of any new territory within which Slavery exists, unless no prohibition first have been provided for.

4. *Resolved*, That as a means of removing and excluding Slavery from Federal Territory, we recommend the formation of associations, either voluntary, or chartered by the State, to secure emigration of reliable and intelligent freemen, pledged irrevocably to the cause of freedom.

5. *Resolved*, That as the earnest of a deliberate, determined and irrevocable purpose to carry into practical effect, the above propositions, we further declare that we will not support for the office of President, Vice President, or of Senator, or of Representatives in Congress, or as a Member of a State Legislature, any man of whatever party who is not known to be in favor of the purpose expressed in the foregoing resolutions, and in this

6. *Resolved*, That *we hereby invite the cooperation of all Freemen of Vermont who agree with us in the principles and purposes herein set forth, most cordially tendering to them our cooperation in the cause of Freedom, and offering our confidence to those who confide in us.*

State Convention.

Our readers will notice the call above, and we doubt not rejoice that the stern opposition to the aggressions of slavery that is rising all over the State is about assuming definite shape for future action. We trust that the earnest, honest yeomanry of the State will be represented there in such numbers that Hunkerism will stand appalled.—Let the liberty-loving be there to counsel with the brave men that are gathering with hearts leaping for the strife, to the standard of Freedom. Let no halting, fearful position be taken, that will compromise the dignity of a Wisconsin Freeman, to hold up as his creed.

The people in every town and Ward in the state should at once, take measures to be represented in that Convention by their firmest and bravest men.—*Western Freeman.*

☞ We copy from the *Sentinel*, a call for the "People's Mass Convention," to be held at Madison Thursday, July 13th, 1854. We hope that Columbia County will be largely represented in this Convention.—*Portage City Republic.*

The Madison Convention.

A proposition has been made in several papers to hold a state convention at Madison on the 13th of July, the anniversary of the passage of the ordinance of 1787. The purpose of the convention we understand to be for all the friends of freedom, regardless of party names or former party associations, to meet and consult upon the best means of opposing the encroachments of the slave power.

The day is opportune, and the circumstances demand action on the part of the North. The issue is forced upon us by the recent action in Congress in the repeal of the Missouri Compromise. Let the friends of freedom unite, consult and act. Let mutual concessions on old party issues prove their entire devotion to freedom. Let liberty and *repeal* be their watchword until our country is redeemed from the blighting curse of slavery.—*Monroe Sentinel.* (dem.)

The Convention at Madison!

We find the above call in the *Sentinel*, and we publish it with pleasure. Our cordial approval of the movement was given at length last week, and we have nothing further to do at present, but simply to lay the call before our readers, trusting that it will meet with a sentiment which will give a hearty response to its invitation. This movement, to be effective, must be a free, spontaneous one on the part of the people. If the people of Wisconsin are not in earnest, they had better not convene at Madison. If they are, we think they had.

Shall Southern Wisconsin be heard from?—*Beloit Journal.*

The Oshkosh Courier thinks the Convention at Madison, July 13th, will organize on the basis of the Maine Law.

Don't you wish it would neighbors? We shan't stop the chase after the Nebraska rascals for side issues, just now.—*Free Democrat.*

☞ The Locusts are coming. By private advices, we learn of their presence on Fox River, Illinois. The Rock River *Democrat* speaks of swarms of them about that place. We cannot hear of them around this vicinity yet.—*Beloit Journal.*

REAL ESTATE SALES.—A lively business has been going on for the last three weeks, in the sale and purchase of real estate, at very fair rates, in this county. Good farming lands are now commanding advanced prices, and still rising. We learn that J. Fisher, Esqr. sold his farm in Clarno, about 2½ miles south of town, last week, for $30 per acre.—*Monroe Sentinel.*

MASSACHUSETTS MAN DIVING FOR MONEY NEAR HERLGATE.—Our enterprising fellow-citizen, Mr. O. B. Pratt, left Worcester on Tuesday evening, with his assistants, to renew his operations for recovering the treasure from the British ship-of-war *Hussar*, which was wrecked off Stony Island, near Hurlgate, during the Revolutionary war. About a million of dollars were on board at the time, which were destined to pay off the troops of the British army, then in the Highlands. The vessel lies in 70 feet of water.—*Worcester Spy.*

☞ Some people talk a great deal about misers, and the cost of keeping them, paying their boarders, table expenses, and other items of salary. Did such croakers ever think that it costs thirty-five million dollars to pay the salaries of American lawyers? that twelve millions of dollars are paid out annually to keep our criminals, and ten millions of dollars to keep the dogs in the midst of us alive, while only six millions of dollars are spent annually to keep six thousand preachers in the United States?—*N. Y. Recorder*

AFFLICTIVE DISPENSATION.—We regret to learn that the Shakers at Enfield, Ct., have lately been called to deplore an afflictive dispensation, which has deprived them of two of their most effective members. A few mornings since the two members in question were suddenly missing, and after a long and anxious search it was found that they had "gone and got married." Both parties have our liveliest sympathy.—*Springfield Republican.*

JOHN CLERK OF ELDIN.—One evening Clerk had been dipping rather too freely in the convivial bowl with a friend in Queen street, and on emerging into the open air his intellects became in a considerable degree confused, and not being able to distinguish objects with any degree of minuteness or certainty, he thought himself in a fair way of losing the road to his own house in Picardy Place. In this perplexity he espied some one coming towards him, whom he stopped with this query:

"D'ye ken whaur John Clerk bides?"

"What's the use of asking that question?" said the man, "you're John Clerk himself."

"I ken that," answered John, "but it's no himself that's wanted—it's his house!"

LOCUSTS.—The neighboring woods appear to be infested with swarms of locusts. We understand that 17 years ago they made their appearance in pretty much the same way. So the settlers tell us. In a short walk in the woods we saw that the tops of the shrub oaks were alive with them, and under the there innumerable shells which they cast off in their transition from the cerobyro to the full developed insect.—*Belvidere Standard* 1837.

NEW YORK;
Its Upper Ten and Lower Million.
BY GEORGE LIPPARD.
Author of "Washington and his Generals," "Jesus and the Poor," "Nazarine," &c.

THIS is the best work ever written by Lippard; one continued scene of excitement from the commencement to the end. Those who have read Dumas' Count De Monte Christo, or the Wandering Jew, we are under the impression, will find this the most interesting work that has issued from the press for some time.—*Enquirer.*

GEORGE LIPPARD'S GREAT WORK.—*New York; Its Upper Ten and Lower Million*—Novel readers will be perfectly delighted with this work. The incidents delineated in this work are of the most interesting character. We should not be surprised if the demand for it should exceed that of "Uncle Tom's Cabin."—*Times.*

NEW YORK; ITS UPPER TEN AND LOWER MILLION.—A new work, by the gifted son of genius, George Lippard.—We have read it. It is a novel of most thrilling interest—such an one as having been commenced, we will sit up all night to finish. It is a book we would like everybody to read. It is the work of genius, and the emanation of a heart keenly alive to the wrongs and outrages the "superstition of gold" imposes upon nine-tenths of the human race.—*Cleveland Plaindealer.*

A WONDERFUL DISCOVERY has recently been made by Dr. Curtis, of this city, in the treatment of Consumption, Asthma and all diseases of the lungs. We refer to "Dr. Curtis's Hygeana, or Inhaling Hygean Vapor and Cherry Syrup." With this new method Dr. C. has restored many afflicted ones to perfect health; as an evidence of which, he has in numerable certificates. Speaking of the treatment, a physician remarks:—It is evident that inhaling—constantly breathing an agreeable, healing vapor, the medicinal properties must come in direct contact with the whole of the aerial cavity of the lungs, and thus escape the many and varied changes produced upon them when introduced into the stomach, and subjected to the process of digestion The Hygeana is for sale at all the druggists' throughout the country.—*New York Dutchman, Jan. 14th.*

DEAD SHOT
FOR BED BUGS.

All good Housekeepers will be glad to hear of an article that will kill bed bugs, so that they will *stay killed.* The Dead Shot does this entire and complete. ☞ The best evidence that can be adduced in favor of the efficaciousness of Hoofland's German Bitters, prepared by Dr. C. M. Jackson is the unprecedented demand for them from all parts of the Union; and although there may be many compounds prepared and represented as being worthy of a liberal patronage, yet we feel constrained to remark that the rest number of testimonials with which the worthy doctor has been honored, by persons of the highest character and respectability, who found it necessary to have recourse to his preparation, is testimony sufficiently conclusive, that a more effectual remedy for the almost immediate relief of those afflicted with that direful malady, dyspepsia, has never been discovered.

Capital over $165,000—in Cash and Premium Notes

THIS Company offers unrivalled facilities for the Insurance of Building and Personal Property against fire. The advantages offered are scarcely beyond the reach of circumstances, as the real estate insured is by law bound for the assessment made to cover losses beyond the power of extension. Every person insured is a member of the Company and entitled to one vote. The cost of insurance does not exceed one-third as much as in Stock Companies, with almost nothing of the increased security and the incomparable ease with which losses are settled. During the last five years this Company have issued 2800 Policies, and made but three assessments at a rate to the property insured, not exceeding two mills or two mills. Its business is principally confined to this State.

$1,000 will be paid, if reliable evidence is shown to the contrary, that any Safe has ever been offered to the Fire, where as other makers' Safes have proved worthless in various accidental and experimental tests, some of which occurred recently.

Read the following from Messrs. A. McClure & Co., wholesale and extensive dealers in Drugs, Medicines, &c.

ALBANY, July 27, 1852.

This is to certify, that on the 22d day of July, 1852, our entire stock, composed of Turpentine, Alcohol, Oils, and Medicines, &c., was consumed by fire; so rapid and severe was the fire that we were unable to close one safe until Mr. Robinson subsequently entered at the peril of his life and closed the iron door.

After forcing the safe open after all this exposure and fire, which makes us so careful for the safety of its contents, its contents were found uninjured.

We have so much confidence in the security of the Fire King, that we shall have it immediately replaced.

A. McCLURE & CO.

ALBANY, Dec. 10, 1852.

This is to certify, that on the 7th day of May, 1851, I purchased of J. Kieb. Davidson, No. 7, single flange Safe, and that the same was subjected to a severe test on the 10th of December, 1851. After the fire, I extinguished it, its contents (books and papers,) were examined, and found to be perfectly preserved—got a lot of my books being scorched.

NOTICE.

On Wednesday, Oct. 14th, I shall have the Pedigree and Terms for the season of the Thoroughbred Devonshire Bull Hero (lately brought from Vermont by me) printed and bound, ready for those wishing the use of him the first season, to enter their names. Season to commence the second day of April and end the 31st day of July. He is limited for the season at fifty-two mares, two of them my own. It is claimed by those owning the Black Hawk Stock that stands so high in Vermont, that the original Black Hawk was sired by the old Sherman Morgan, the grand sire of my horse. If so, the same cross blood can be raised in this State, and at a far less expense than to import them from Vermont; there was one reason for my bringing Gomez Morgan. What His pedigree is fully authenticated.

PATENT MEDICINES.

AYER'S CHERRY PECTORAL,

For the rapid Cure of

COUGHS, COLDS, HOARSENESS, BRONCHITIS, WHOOPING-COUGH, CROUP, ASTHMA, AND CONSUMPTION.

Among the numerous discoveries Science has made in this generation to facilitate the business of life—increase its enjoyment, and even prolong the term of human existence, none can be named of more real value to mankind than this contribution of Chemistry to the Healing Art. A vast trial of its virtues throughout this broad country, has proven beyond a doubt, that no medicine of combination of medicines yet known, can so surely control and cure the numerous varieties of pulmonary disease which have hitherto swept from our midst thousands and thousands every year. Indeed, there is now abundant reason to believe a remedy has at length been found which can be relied on, to cure the most dangerous affections of the lungs. Our space here will not permit us to publish any proportion of the cures affected by its use, but we would present the following :—and refer further enquiry to my American Almanac, which the agent below named, will always be pleased to furnish free wherein are full particulars, and indisputable proof of those statements.

Office of Transportation, Laurens R. R., S. S. Aug. 4, 1853.

J. C. AYER. Dear Sir,—My little son four years old, has just recovered from a severe attack of malignant Scarlet Fever; his throat was rotten, and every person that visited him, pronounced him a dead child. Having used your Cherry Pectoral in California in the winter of 1850, for a severe attack of Bronchitis, with entire success, I was induced to try it on my little boy. I gave him a tea-spoonfull every three hours, commencing in the morning, and by ten o'clock at night, I found a decided change for the better, and after three days use, he was able to eat or drink without pain.

Its use in the above named disease will save many a child from a premature grave, and relieve the anxiety of many a fond parent. For all affections of the Throat and Lungs I believe it the best medicine extant. A feeling of thankfulness prompts me in addressing you these lines,—but for your important discovery, my little boy would now have been in another world.

I am yours, with great respect,

L. POWELL, Supt. Trans., L. R. R.

Rock Hill, (Somerset Co.,) N. J., July 21, 1852.

DR. J. C. AYER,—Since your medicine has become known here, it has a greater demand than any other cough remedy we have ever sold. It is spoken of in terms of unmeasured praise by those who have used it, and I know of some cases where it is the best they can say of it, is not too much for the good it has done. I take pleasure in selling it, because I know that I am giving my customers the worth of their money, and I feel gratified in seeing the benefit it confers.

Please send me a further supply, and believe me

Yours, with respect,

P. S. Almost any number of certificates can be sent to you, if you wish it.

Windsor, C. W., June 26, 1852.

J. C. AYER, Sir: This may certify that I have used your Cherry Pectoral for upwards of one year, and it is my sincere belief that I should have been in my grave ere this time if I had not. It has cured me of a dangerous affection of the throat, and I do not hesitate in my convictions when I tell you it is a priceless remedy.

Yours very respectfully,

D. A. McCULLEN, Attorney at Law.

Wilksbarre, Pa., Sept. 29, 1852.

DEAR J. C. AYER,—My dear Sir,—Your medicine is much approved of by those who have used it here, and its composition is such as to insure and maintain its reputation.—I invariably recommend it for pulmonary affections, as do many of our principal physicians.

I am your friend,

HERE IS YOUR REMEDY!

HOLLOWAY'S OINTMENT.

A MOST MIRACULOUS CURE OF BAD LEGS, AFTER FORTY-THREE YEARS SUFFERING.

Extract of a Letter from Mr. William Galpin, of 70 St. Mary's Street, Weymouth, dated May 15th, 1851.

To Professor HOLLOWAY,

SIR,—At the age of 18 my wife (who is now 61) caught a violent cold, which settled in her legs, and ever since at this time they have been more or less sore, and greatly inflamed. Her agonies were distracting, and for months together she was deprived entirely of rest and sleep. Every remedy, medical men advised was tried, but without effect; her health suffered severely, and the state of her legs was terrible. I had often read your Advertisements, and advised her to try your Pills and Ointment; and as a last resource, she commenced, and very soon had proved useless, she commenced to do so. She
